

SPONSORSHIP OPPORTUNITIES

WARSAW / 15-18 May 2013

Warsaw is an amazing place to be for Python or Django developers - it's a growing community of excellent programmers, developers, coders and entrepreneurs. We hope to give people a good excuse to come to Warsaw and enjoy this beautiful city.

THE VENUE

This time we thought to make this a little bit different, more fun, extraordinary and unforgettable. That's why we decided to organize a conference in a real circus! Developers love this crazy idea. Don't worry, no animals involved - just a lot of fun!

WANT TO ADD SOME MAGIC?

We are committed to providing you the kind of exposure you need to reach the top minds in Django Developer community (by which we mean both those developing Django itself and those using Django to develop web applications of diverse kinds). Sponsoring DjangoCon is a great way to get access to talent, promote your brand or your product.

We commit ourselves to make this an unforgettable experience for more than 300 great developers. We want to create this kind of magical atmosphere and vibe that make them talk about it long after it's over :) We also know that the best sponsorships are the unconventional ones, that's why we'll work close with you to help you get the most of the event.

CHECK OUT HOW TO HELP
DjangoCon BE AWESOME
